

select 아이콘 변경

1. select 마크업

The image shows a web browser on the left and a code editor on the right. The browser displays a web page with a single dropdown menu containing the text "복숭아" (Peach) and a downward arrow. The address bar shows the URL "127.0.0.1:5500/31_s...". The code editor on the right shows the HTML source code for the page, which includes a DOCTYPE declaration, a lang attribute set to "ko", and a select element with four options: "복숭아", "자두", "수박", and "참외".
